

# 5G-PPP Awareness/Information Day, May 28<sup>th</sup>, Brussels, Belgium

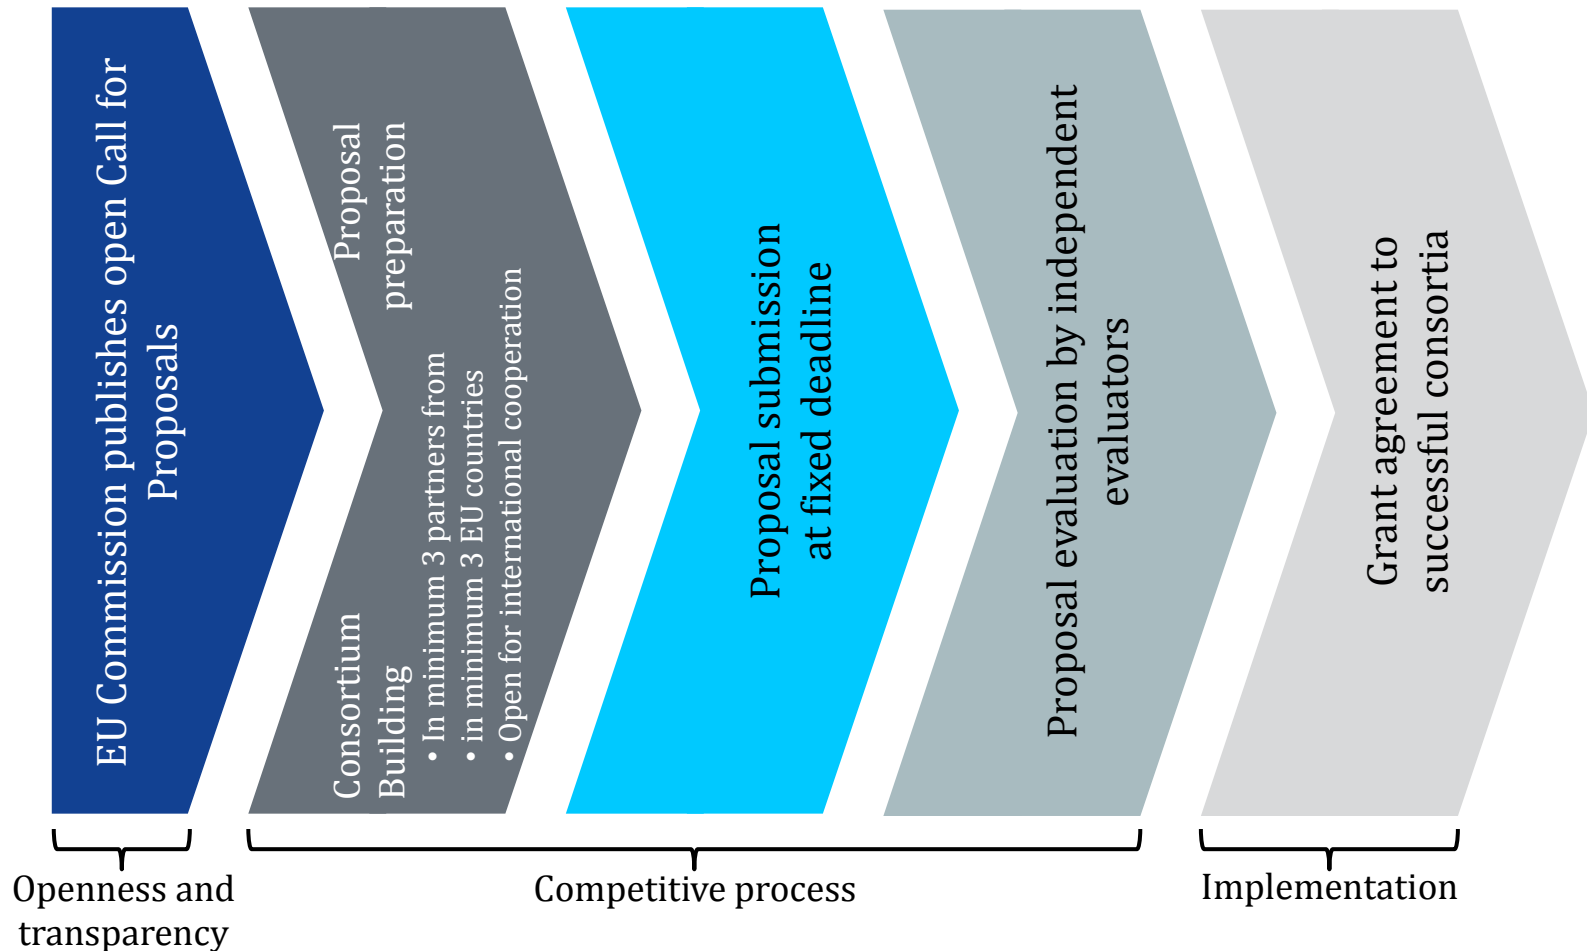

Conclusions, next actions

Werner Mohr

5G Infrastructure Association

# How to start a project?

## Major steps

# How to participate

- Participate in the Networld2020 ETP (<http://networld2020.org/>) and the 5G-Infrastructure Association (<http://5g-infrastructure-ppp.eu/>) activities
  - Participation starts with ETP membership
  - Contribute to the Expert Group to update SRIA
  - Support requirements capturing on future networks
  - Members of ETP can be candidates for ETP Steering Board / Association and additional members in Association
- In 5G PPP projects
  - Commission is publishing Open Calls for Proposals
  - Everyone can submit proposals
  - Independent evaluators select proposals based on criteria
    - scientific and technological excellence,
    - impact and
    - Implementation
  - Integration of successful proposals into the PPP program in order to ensure cooperation of projects
- There is no membership in 5G PPP, because participation in PPP projects is open
